

CRITERION I - CURRICULAR ASPECTS

1.1 Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The curricular framework of Government Ghanshyam Singh Gupt PG College, Balod, Chhattisgarh adheres to the guidelines set by the Higher Education Department of Chhattisgarh State and Hemchand Yadav University, Durg, Chhattisgarh.

To ensure effective implementation, the college establishes various committees dedicated to different curricular activities. The working committee, in collaboration with individual departments, develops a structured framework to facilitate the smooth execution of the curriculum across the institution.

- Academic plans for the entire session are outlined in a diary, followed during teaching, and verified monthly by the head of the institute. The Time Table Committee prepares both centralized and individual faculty schedules in line with UGC norms. Class syllabi are available on the university website, in the library, and shared by faculty in classrooms, with links provided for easy access.

- To ensure effective teaching and learning, a balanced approach is adopted, combining traditional methods like blackboard teaching, dictation, and notes distribution with modern techniques such as ICT tools and documentaries. Students are encouraged to engage in seminars, workshops, paper presentations, and various assignments. Departments also organize quizzes, group discussions, guest lectures, projects, and field trips to enhance curriculum delivery.

- Evaluation is conducted through unit tests, internal assessments, model exams, and viva-voce as per the academic calendar. Special attention is given to both slow and advanced learners through continuous monitoring, tutorials, and doubt-clearing sessions, ensuring they stay on track with their studies.
